

Tifareth

6 Pentacles

Thoth Label: Success

Astrology: Moon in Taurus

Commentary: Earth is always achieving, but in this moment it embraces that achievement in a healthy (yet temporary) way. There is a dreamy aspect with the moon so strongly present, but it is still grounded in the reality of earth and sun.

6 Swords

Thoth Label: Science

Astrology: Mercury in Aquarius

Commentary: While air and the mind are always seeking to understand and thus separate, here the mind's need to understand travels through the harmony of synthesis, making separation part of the process, the science, not the outcome.

6 Cups

Thoth Label: Pleasure

Astrology: Sun in Scorpio

Commentary: Water flows into the centre, is warmed by the sun, allowing the deepest part of ourselves to be released and revealed and accepted as is. Leading to the pleasure of everything, including ourselves, being in harmony.

6 Wands

Thoth Label: Victory

Astrology: Jupiter in Leo

Commentary: The unstable fire will never have a better positioning than here in Tifareth. Harmony of consciousness brings will into alignment with all other intentions and victory is the inevitable result.
